

Infractions Referral Committee Procedures

These procedures constitute the operating procedures adopted by the NCAA Division I Board of Directors for the review and issuance of decisions by the Infractions Referral Committee (IRC) regarding requests to transfer infractions cases to the independent accountability resolution structure. The procedures serve as guidance to Division I member institutions, involved individuals, the enforcement staff and the NCAA Division I Committee on Infractions regarding the IRC's duties, responsibilities and process.

The Board of Directors may approve amendments to these procedures in consultation with the Independent Accountability Oversight Committee (Oversight Committee) without prior notice. Amendments are immediately effective when approved by the Board of Directors. The Oversight Committee will make editorial, formatting and/or typographical corrections as needed that do not rise to the level of an amendment.

The procedures do not constitute legal advice, do not have the force of law and do not confer any independent right, contractual or otherwise. The NCAA Division I Constitution and bylaws remain the controlling authority governing infractions cases. The procedures are available on the [Independent Accountability Resolution Process](#) website.

A violation of this rule by a committee member shall not invalidate the action taken by the committee if, following disclosure of the conflict of interest, the committee authorizes, ratifies or approves the action by a vote sufficient for the purpose, without counting the vote of the committee member with the conflict of interest, and the Oversight Committee approves such action. All committee members shall agree to this policy prior to committee service and shall abide by the policy at all times. Chapter 10 - NCAA Policies¹

- 10-1. Expenses.** The committee is subject to Association expense policies. These include:

10-1-1. NCAA travel policies are provided to each new committee member. The Association's policies regarding meeting expenses are set forth in Bylaw 31.7.2. The NCAA pays for transportation to and from committee meetings, hotel room

¹ These NCAA policies have been previously adopted by the Association prior to July 2019 and are effective for this committee August 1, 2019.

and tax charges at the meetings and a \$75 per diem for each day, or part thereof, involved in traveling to and from and attendance at the meeting. All members are expected to use Short's Travel, the Association's travel agency, for their transportation arrangements to committee meetings or other events paid for by the NCAA.

10-1-2. Airline transportation and the hotel room and tax are billed directly to the NCAA; the member needs only to pay incidental charges to his or her room when leaving the meeting site. After the meeting, each member will receive electronically a form on which to claim per diem and any other expenses permitted under NCAA policies. The member will receive reimbursement for those expenses from the NCAA national office after each meeting. Also, early in each calendar year, each member will receive a Form 1099 reporting the amounts paid during the preceding year, if that amount exceeds \$600. In such instances, the member will declare that amount in filing his or her income tax return for that year; therefore, members will want to record their committee-related expenses in order to deduct the appropriate amount. Some Board members may prefer to have their expense reimbursement paid directly to their institutions to eliminate the need for such personal record keeping.

10-2. Speaking Agent Policy. The president of the Association, and the chair of the Board of Governors, are the only individuals authorized to speak on behalf of the Association, except as outlined below.

An individual on a committee who speaks or opines on an Association issue only has the authority to express the view of that individual or the member institution or conference that the individual represents on the committee, unless the individual has been designated by the Board of Governors as a speaking agent of the Association on that issue.

Committee chairs are hereby designated as speaking agents of their committees regarding issues within their committees' jurisdiction on which there is a consensus, except that positions of advocacy on behalf of the committee or Association to be communicated in writing or orally to persons or entities external to the Association, must have prior approval by the Board of Governors or the president of the Association.

The president of the Association is hereby granted authority to designate additional speaking agents of the Association.

10-3. Defense and Indemnity. The Association shall defend and indemnify any present or former employee, committee member or agent of the Association who was or is a party to, is threatened to be a party to, or who is subpoenaed to be deposed or to give evidence in, any civil, criminal, administrative investigative action or proceeding, including those brought by the Association, provided the conditions enumerated below are met. For purposes of this policy, "committee" shall include all Association committees, boards,

cabinets, councils, subcommittees and panels. Conditions for defense and indemnification are:

10-3-1. The person requesting defense and indemnification is being named as a party, subpoenaed to be deposed, or to give evidence by reason of the fact that the person was or is an employee, committee member or agent of the Association, or is or was serving at the request of the Association as a director, officer, employee or agent of another association, corporation, partnership, joint venture, trust or other enterprise.

10-3-2. The person is deemed to have been acting within the scope of the person's duties to the Association.

10-3-3. The person is determined to have been acting in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the Association in the performance of the person's duties to the Association. In respect to any alleged criminal action or proceeding, the person must also be determined to have had no reasonable cause to believe the alleged conduct was unlawful.

[Note: The termination of any action or proceeding by judgment, order, settlement, conviction or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption in regard to these determinations. However, if a person is adjudged to be liable for negligence or misconduct in the performance of the person's duty to the Association, there shall be no indemnification unless and only to the extent that the court in which such action or suit was brought, shall determine that, despite the adjudication of liability but in view of all circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses as the court shall deem proper.]

10-3-4. The person promptly and timely notifies the Association's general counsel of the actual or threatened service of the process, subpoena and notice of deposition or other legal process, before incurring attorney fees or other expenses.

10-3-5. The person accepts counsel provided or approved by the Association and agrees to accede to the legal strategies approved by the Association's general counsel, including any settlement determinations. In the event that the person wishes to hire other counsel, or not accede to the Association's legal strategies, the Association shall not be obligated to defend or indemnify the person, except when it is determined that a conflict of interest exists with the Association, such that retaining separate counsel is warranted.

10-3-6. The person agrees to repay any expenses, including attorney fees, incurred in bringing or defending a civil or criminal action or proceeding paid by the Association in advance of the final disposition of such action or proceeding if it is

ultimately determined that the person is not entitled to be indemnified by the Association as authorized in this policy.

For purposes of the policy, indemnification shall consist of payment against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with such action or proceeding.

Determinations as to whether indemnification is proper in circumstances because the person has met the applicable standards of conduct set forth in this policy shall be made:

- a. By the Board of Governors, by a majority vote of a quorum, consisting of members who are not parties to such action or proceeding.
- b. If such a quorum is not obtainable, or, even if obtainable, a quorum of disinterested Board of Governors members so directs, by independent legal counsel in a written opinion.
- c. By the Association's president, if so delegated by the Board of Governors.

The indemnification provided by this policy is not exclusive of any other rights to which those indemnified may be entitled under any bylaw, agreement, vote of members or disinterested Board of Governors members otherwise, both as to action in the person's official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be an employee, committee member or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

The Association may purchase and maintain insurance on behalf of any person who is or was an employee, committee member or agent of the Association, or is or was serving at the request of the Association as a director, officer, employee or agent of another association, corporation, partnership, joint venture, trust or other enterprise against any liability asserted against the person and incurred by the person in any such capacity or arising out of the person's status as such, whether or not the Association would have the power to indemnify the person against such liability under the provisions of this policy.

Effect of Change in Indemnification Law. If any change in any applicable law, statute, or rule expands the power of the Association to indemnify a person, the change shall be within the purview of the person's rights and the Association's obligations under this policy. If any change in any applicable law, statute, or rule narrows the right of the Association to indemnify a person, the change shall have no effect on this policy or the parties' rights and obligations under this policy, except to the extent otherwise required by law, statute, or rule to be applied to this policy.
